

# Lincoln Wellington Athletic Club

(Founded 1911)

Affiliated to:- UK Athletics, England Athletics, Northern Athletics, ECCA, Lincolnshire AA

## Payment of Facility Charges

Dear member,

**Our records indicate that you have not yet paid your facility charge for use of the track and facilities at Yarborough.** You are politely reminded that all payments should have been received by 1<sup>st</sup> August. If you have already paid or believe that this letter has been sent to you by in error, please let us know.

Payments can be made to our volunteer collectors, John Maplethorpe and Dave Wells on most club evenings, alternatively payment can be made through your coach or to committee members who will be available on an occasional basis on the gate to track, or to the following address:

Darrell Helas,  
LWAC  
58 Station Road,  
Branston,  
Lincoln  
LN4 1LH

Since CLS abolished track passes at the end of March, the club now has to find close to £5000 to cover our costs for use of the facility, hire of jump equipment and weekend access to the track. This fee will cover us up to November until we can incorporate facility charges in to membership subscriptions next year. The alternative to not paying this charge would have been to yield to CLS's proposal for policing the gate and charging track users £3.10 per session and road runners 50p per session. Members not paying are not only putting the club out of pocket, but being unfair to members who have already paid promptly.

Your help in supporting your club in this matter is greatly appreciated. If you have any questions or comments, please contact any of the club committee members below. Note that payments for facilities will be included in club membership fees next year but **a minimum of 8 weeks free access will be accounted for due to the track being unavailable to members during this summer's upgrade work.**

Regards,

Darrell Helas
